Opportunity for a Junior Potter

To work for a high end ceramics Workshop in Wiltshire, England, that produces functional table and serveware by hand throwing and jollying.

We are currently looking for a Junior Potter to join our small, friendly team, who will be able to:

1. Work on the Jolley machine
2. Fettle leather-hard ware
3. Throw and turn
4. Pack and unpack gas kilns
5. Spray and dip glaze
6. Assist generally within the Workshop

Accommodation could be organised.

To start as soon as possible.

Salary dependent on experience and skill level.

In the first instance please email your CV to info@johnjulian.co.uk but please do feel free to ring and have an informal chat if you would like to – 01722 744805
